

DeltaKorn 

**Homogeneous
fast-acting
compound
fertilizer with
essential
nutrients in
every granule**

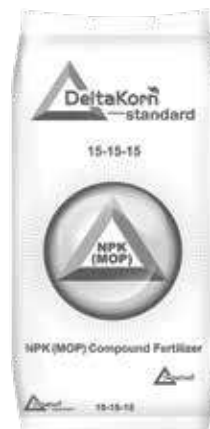

NPK Compound Fertilizers

- Premium quality granular complex compound fertilizers.
- Complete analysis containing homogenous N, P, K, Mg, S and trace elements.
- Available in low chloride (potassium from SOP) and MOP base.
- Fast acting Nitrogen source with both ammonium and nitrate N.
- Perfect granulometry (90 % granules within 2 – 4 mm).
- Highly available source of phosphate (80 % water-soluble).
- Industry leading granule strength and dust free.
- Uniform distribution of nutrients in every pack
- Free of Urea: no Nitrogen losses by volatilization
- Quick break-down: nutrients immediately available for plants
- Including MgO and Trace Elements for maximum efficacy

NPK compound fertilizer (SOP based) for chloride sensitive crops (fruits, wine, vegetables, tobacco etc.)

- Free of chlorine:
- No risk of burning
- Reduced water stress
- Contains Sulfur
- Complete range:
- 12-12-17 +2+TE
- 15-5-20 +2+TE
- 15-15-15 +2+TE
- 20-10-10 +2+TE
- 20-7-14 +2+TE
- Others upon request

NPK compound fertilizer (MOP based) for cereals, corn, oil palms etc

- Complete range:
- 15-15-15+2+TE
- 12-12-17+2+TE
- 12-7-26+2+TE
- 20-10-10+2+TE
- Others upon request
